Circular economy in Veneto

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Consistent with **goal 12** of UN and European Agenda 2030 - Sustainable Development Goals

Consistent with the **national Strategy for Sustainable development**, reachable through the objectives:

- dematerialize the economy
- foster circular economy

Consistent with the **regional Strategy for Sustainable development**, adopted in July 2020 - first region in Italy

Reachable through:

- innovation
- natural capital
- responsible governance

Veneto Region approved in October 2019 a memorandum of understanding, now signed by 271 territorial stakeholders to build together a strategic path of growth and development
